Sportswriters and Promoters

Sports writers who gained fame as referees include Ed Smith of Chicago, Bat Masterson of New York, Tom Andrews of Milwaukee, Fred Digby of New Orleans, Ed W. Cochran of Kansas City, George Barton of Minneapolis, Joseph Murphy of St. Louis, Otto Floto of Denver, E.W. Dickerson of Grand Rapids, Bill Crowhurst and Billy Rocap of Philadelphia, and Nat Fleischer of New York.

World's Leading Promoters

The most famous promoters in America since the Sullivan-Corbett fight have been James J. Coffroth, Tom Carey, Tex Rickard, Mike Jacobs, Don King, and Bob Arum. Coffroth made many revolutionary changes in the sport that were later adopted by Rickard and Jacobs.

In the bare knuckle era and until the rise of the Olympic Club which staged the Sullivan-Corbett fight in New Orleans, promoters were practically unknown. Backers put up the money and side bets were made to make a fight worth staging. The winner usually took all.

In Europe, Jack Solomons of England, Gilbert Benaim of France, and Harry Levene of England were tops. Mickey Duff is presently the most important boxing promoter in Britain.

Boxing Writers' Association

The Boxing Writers' Association of New York was the first organized in America. Its membership has been expanded to include writers from New Jersey, Connecticut, Pennsylvania, and Delaware. It was organized in 1926.

Record Reporters at Fight

The largest turn-out of newspapermen to report a fight was at Miami Beach, Fla. for the bout between Young Stribling and Jack Sharkey, February 27, 1929. A total of 448 reporters covered the fight and came from all parts of the world—England, France, Japan, India, Australia, Sweden, Belgium, Italy, Cuba, Brazil, Argentine, Mexico, Panama, the United States and its territories. Steve Hannigan and Nat Fleischer were in charge of the publicity and the visiting scribes.

First newspaper to assign a reporter to a fight camp to report on the training was the New York Herald. Joseph Elliot covered Tom Hyer's camp in Rockport, Md., for his fight with Yankee Sullivan on February 7, 1849.

Nat Fleischer, Globe Trotter

Nat Fleischer, late Editor of The Ring, holds the record for traveling to report boxing. Twice in five months in 1954, he flew a total of 101,000 miles to report world boxing. He later flew thousands of miles to many parts of the world on behalf of boxing. In 1960, he flew twice around the world to judge title fights in Bangkok and Tokyo and in 1962 he made two more trips around the globe, several additional trips to California, and one to Brazil.

In 1963, he flew three times around the globe to judge title fights. He completed his twelfth round-the-world trip on April 7, 1964 and on October 3 made another circuit journey to report the Olympic Games in Tokyo.

In 1965, Nat flew to California three times and made trips to Mexico, Panama, and Brazil to add to his mileage on behalf of boxing. He also made two trips to Puerto Rico.

In 1966, he reported Ali's fights with George Chuvalo in Toronto and with Henry Cooper and Brian London in London, Eng. He served as a judge for the Ali-Milden, berger bout in Frankfurt, Germany, the Pimentel-Saito fight in San Antonio, Texas, the Chionoi-McGowan bout in Bangkok, and the Cokes-Josselin contest in Dallas, Texas.

In 1967, Fleischer made three trips around the world. He supervised and judged the world flyweight title fight between Chionoi and Puntip Keosuriya in Bangkok and aided in arranging the Chionoi-McGowan return bout in London. In 1968, he judged the Chionoi-Villacampo flyweight title bout in Bangkok.

James J. Coffroth-Promoter

Two championship fights were staged by Jim Coffroth two days apart. On Labor Day, September 7, 1908 in San Francisco, Abe Attell and Owen Morgan fought a draw of 23 rounds and on September 9, Mexican Labor Day, Coffroth put on the Gans-Nelson fight at Colma, California, Nelson winning by a knockout in the twenty-first round.

James J. Coffroth staged the only world championship fight ever scheduled for twenty-three rounds, that between Attell and Moran on Labor Day, 1908. Previously, on January 1st of that year, they had fought a draw of 25 rounds. For the return bout, Coffroth figured he could make the affair a better attraction by changing the limit. Instead of increasing it, he made it two rounds less, figuring that the odd number of 23 would bring considerable publicity. It did.

First Radio Blow-by-Blow Radio Broadcast

First Paid Sponsorship

First paid radio sponsorship for a series of boxing matches was an eighteen-week contract signed between Mike Jacobs, promoting from the Hippodrome, New York, and Adam Hats in 1937. The Pep-Wright telecast originated in the NBC outlet WNBT and was replayed by transmission lines to stations in Philadelphia and Schenectady, then sent out to practically all the one hundred Army and Navy hospitals in the area.

End of Two Decades of TV Boxing in Madison Square Garden

On August 21, 1964, when Johnny Persol met Henry Hank, twenty years of televised boxing under the aegis of Madison Square Garden of New York and the Gillete company, came to a close.

The Garden-Gillete contract actually did not expire until Dick Tiger met Don Fullmer in Cleveland on September 11. But the Gotham end of the pact went into limbo with the Persol-Hank affair and the Wayne Thornton-Bobo Olson match in San Francisco, was the last in which the Gillete company figured.

Two more fights were televised, the Cleveland bout and the Gomeo Brennan-Jose Torres contest in Miami Beach, but the Gillete Company was not part of the sponsorship. Its previous partner, the General Cigar Company, was the lone sponsor.

While the Fight of the Week went into the discard, television and boxing had not parted company. Harry Markson, director of boxing in the Garden, said he was confident of TV backing at any time he came up with a big match.

The Age of Electronics in the Garden opened on September 29, 1944, when Willie Pep made a successful defense of the world featherweight title against Chalky Wright.

This telecast originated in the WNBT outlet of NBC and was relayed to Philadelphia and Schenectady and thence to some 100 veterans hospitals. The number of privately owned receivers in 1944 was insignificant.

The Fight of the Week started as a Friday night feature on TV, then, with a shift to ABC, went to Saturday night on October 8, 1960, when Kenny Lane met Len Matthews in Los Angeles. The return to Friday night took place after the Ruben Carter-Farid Salim fight in Pittsburgh on September 14, 1963.

The new Friday night series opened September 20, 1963, with the Willie Pastrano-Gregorio Peralta fight at Miami Beach.

The two decades of Fight of the Week TV, it is estimated, brought into the coffers of Madison Square Garden a total of $15,000,000.

For main bout boxers, the Fight of the Week started with a $186.60 boost for each contestant. At the end of the agreement, it stood at $4,000, on the average.

The Garden's first arrangement with Gillete called for $25,000 a year. At the close the Garden was getting $24,000 a week, with increases whenever its outlays for major events demanded them.

TV Short Wave Broadcasts

First broadcast-television innovation of an important bout—the Melio Bettina-Red Burman fight held at Ebbets Field, Brooklyn, N.Y., July 22, 1941. BROUGHTON'S RULES 1743

1. That a square of a yard be chalked in the middle of the stage; and at every fresh set-to after a fall, or being parted from the rails, each second is to bring his man to the side of the square and place him opposite to the other, and till they are fairly set-to at the lines, it shall not be lawful for the one to strike the other.

2. That, in order to prevent any disputes, the time a man lies after a fall, if the second does not bring his man to the side of the square, within the space of half a minute, he shall be deemed a beaten man.

3. That in every main battle, no person whatever shall be upon the stage, except the principals and their seconds; the same rule to be observed in by-battles, except that in the latter, Mr. Broughton is allowed to be upon the stage to keep decorum and to assist gentlemen to get to their places; provided always he does not interfere with the battle; and whoever presumes to infringe these rules, to be turned immediately out of the house. Everybody is to quit the stage as soon as the champions are stripped, before they set-to.

4. That no champion be deemed beaten unless he fails coming up to the line in the limited time; or that his own second declares him beaten. No second is to be allowed to ask his man's adversary any questions, or advise him to give out.

5. That, in by-battles, the winning man to have two-thirds of the money given, which shall be publicly divided upon the stage, notwithstanding any private agreements to the contrary.

6. That, to prevent disputes, in every main battle, the principals shall, on the coming on the stage, choose from among the gentlemen present, two umpires, who shall absolutely decide all disputes, that may arise about the battle; and if the two umpires cannot agree, the said umpires to choose a third, who is to determine it.

7. That no person is to hit his adversary when he is down, or seize him by the ham, or breeches, or any part below the waist a man on his knees is to be reckoned down.

LONDON PRIZE RING RULES 1838
(Revised 1853)

1. The ring shall be made on the turf, and shall be four-and-twenty feet square, formed of eight stakes and ropes, the latter extending lines, the uppermost line being four feet from the ground, and the lower two feet from the ground. In the center of the ring a mark to be formed to be termed a scratch.

2. Each man shall be attended to the ring by two seconds and a bottle-holder. The combatants, on shaking hands, shall retire until the seconds have tossed for choice of positions, which adjusted, the winner shall choose at his corner, according to the state of the wind or sun, and conduct his man thereto, the loser taking the opposite diagonal corner.

3. Each man shall be provided with a handkerchief of a color suitable to his own fancy, and the seconds shall entwine these handkerchiefs at the upper end of one of the center stakes. These handkerchiefs shall be called "colors" and the winner of the battle, at its conclusion, shall be entitled to their possession as the trophy of victory.

4. The two umpires shall be chosen by the seconds or backers to watch the progress of the battle, and take exception to any breach of the rules hereinafter stated. A referee shall be chosen by the umpires unless otherwise agreed upon, to whom all disputes shall be referred; and the decision of this referee, whatever it may be, shall be final and strictly binding on all parties, whether as to the matter in dispute or the issue of the battle. The referee shall be provided with a watch for the purpose of calling time; the calling of that referee only to be attended to, and no other person whatever shall interfere in calling time.

5. On the men being stripped it shall be the duty of the seconds to examine their drawers, and if any objection arises as to the insertion of improper substances therein, they shall appeal to their umpires, who, with the concurrence of the referee, shall direct what alterations shall be made.

6. The spikes in the fighting boots shall be confined to three in number, which shall not exceed three-eights of an inch from the sole of the boot, and shall not be less than one-eighth of an inch broad at the point; two to be placed in the broadest part of the

sole and one in the heel; and in the event of a man wearing any other spikes, either in toes or elsewhere, he shall be compelled either to remove them, or provide other boots properly spiked, the penalty for refusal to be a loss of the stakes.

7. Both men being ready, each shall be conducted to that side of the scratch next to his corner previously chosen; and, the seconds on the one side and the men on the other, having shaken hands, the former shall immediately leave the ring, and there remain until the round be finished, on no pretense whatever approaching the principals during the round without permission from the referee, the penalty to be the loss of the battle to the offending parties.

8. At the conclusion of the round when one or both of the men shall be down, the seconds shall step into the ring and carry or conduct their principal to his corner, there affording him the necessary assistance, and no person whatever be permitted to interfere in this duty.

9. On the expiration of thirty seconds, the referee appointed shall cry "Time," upon which each man shall rise from the knee of his second and walk to his own side of the scratch unaided; the seconds immediately leaving the ring. The penalty for either of them remaining eight seconds after the call of time to be the loss of the battle to his principal; and either man failing to be at the scratch within eight seconds shall be deemed to have lost the battle.

10. On no consideration whatever shall any person except the seconds and the referee be permitted to enter the ring during the battle, nor till it shall have been concluded; and in the event of such unfair practice, or the ropes or stakes being removed or disturbed, it shall be in the power of the referee to award the victory to the man who, in his honest opinion, shall have the best of the contest.

11. The seconds shall not interfere, advise, or direct the adversary of their principal, and shall refrain from all offensive and irritating expressions, in all respects conducting themselves with order and decorum, and confine themselves to the diligent and careful discharge of their duties to their principals.

12. In picking up their men, should the seconds wilfully injure the antagonist of their principal, the latter shall be deemed to have forfeited the battle on the decision of the referee.

13. It shall be a fair "stand-up fight," and if either man shall wilfully throw himself down without receiving a blow, whether blows shall have been previously exchanged or not, he shall be deemed to have lost the battle; but this rule shall not apply to a man who in close, slips down from the grasp of his opponent to avoid punishment, or from obvious accident or weakness.

14. Butting with the head shall be deemed a foul, and the party resorting to this practice shall be deemed to have lost the battle.

15. A blow struck when a man is thrown or down shall be deemed foul. A man with one knee and one hand on the ground, or with both knees on the ground, shall be deemed down, and a blow given in either of these positions shall be considered foul, providing always that, when in such position, the man so down shall not himself strike, or attempt to strike.

16. A blow struck below the waistband shall be deemed foul, and when close, seizing an antagonist below the waist by the thigh or otherwise shall be deemed foul.

17. All attempts to inflict injury by gouging or tearing the flesh with the fingers or nails, and biting shall be deemed foul.

18. Kicking or deliberately falling on an antagonist with the knees or otherwise, when down, shall be deemed foul.

19. All bets shall be paid as the battle-money after the fight is awarded.

20. The referee and umpires shall take their positions in front of the centre stake outside the ropes.

21. Due notice shall be given by the stakeholder of the day and place where the battle-money is to be given up, and be exonerated from all responsibility upon obeying the direction of the referee; all parties to be strictly bound by these rules, and in future all articles of agreement for a contest be entered into with a strict and willing adherence to the letter and spirit of these rules.

MARQUIS OF QUEENSBERRY RULES

John Sholto Douglas, eighth Marquis of Queensberry, who succeeded to the title in 1858 and died in 1900, was responsible for putting these rules into effect to supercede the London Prize Ring code. Under the new rules a round consisted of three minutes and a rest period of one minute. The new rules were written by John Graham Chambers. The Marquis was not the author. He merely permitted his name to be used as the sponsor. The code first appeared in 1867. Chambers was a member of the Amateur Athletic Club and, as was the custom in those days, he sought a patron to lend his name and Queensberry acquiesced, thereby gaining a lasting fame he really didn't deserve. Here are the rules:

Rule 1—To be a fair stand-up boxing match in a twenty-four foot ring, or as near that size as practicable.

Rule 2—No wrestling or hugging allowed.

Rule 3—The rounds to be of three minutes' duration, and one minute's time between rounds.

Rule 4—If either man fall through weakness or otherwise, he must get up unassisted, ten seconds to be allowed him to do so, the other man meanwhile to return to his corner, and when the fallen man is on his legs the round is to be resumed, and continued until the three minutes have expired. If one man fails to come to the scratch in the ten seconds allowed, it shall be in the power of the referee to give his award in favor of the other man.

Rule 5—A man hanging on the ropes in a helpless state, with his toes off the ground, shall be considered down.

Such application for a hearing must be in writing and must be received by the commission within 30 days after the date of notice of suspension.

205.3 Revocation of license. (a) Before any license is revoked by the commission, the licensee will be notified to attend a hearing of the commission and to show cause at such hearing why the license should not be revoked. Before or upon the return date of a notice to a licensee why he or it should not show cause why the license should not be revoked, the licensee may appear in person or by his or its attorney. If such licensee shall appear, after such appearance has been noted or filed and before any application for an adjournment, or otherwise, shall be made, the licensee shall interpose his or its answer to the specifications mentioned in the charges. This shall be done by separately admitting or denying the specifications mentioned in the said charges.

(b) At any stage of the proceedings, the commission may require the licensee to take the stand and give sworn testimony.

205.5 Commission bulletins. The commission shall from time to time issue bulletins concerning suspensions, revocations, fines, penalties and new rules. All licensed corporations and matchmakers must keep the commission bulletin on file.

205.6 Minutes of commission meetings. Minutes of all commission meetings shall be transcribed and kept on file at the office of the commission. The records of the medical advisory board shall not be available for public inspection unless the commission is served with a subpoena therefor, issued by a court of competent jurisdiction.

205.7 Amendment of rules. The rules of this commission, or any one of them, may be suspended, amended, revised or recodified at any meeting of the commission. Any amendment of the rules shall be published by the commission in a bulletin and announced publicly at the office of the commission.

205.8 Commission hearings. At all hearings conducted by the commission, the witnesses and licensees must testify under oath, which may be administered to them by any commissioner present. The commission shall be the sole judge of the relevancy and competency of the testimony, the credibility of the witnesses, and the sufficiency of the evidence.

The commission shall have the power, in its discretion, to declare forfeited any purse, or any part thereof, belonging to the contestants or either of them or, the share thereof of any manager, if it has reason to believe, such contestant or contestants, or manager of a contestant, as the case may be, has committed an act in violation of any rule or regulation of the commission.

(b) The amount so forfeited shall be paid within 48 hours to the commission. Such purse shall be held by the commission until there is a final determination whether such violation has in fact been committed.

205.13 Imposition of fine upon licensee. Where a fine has been imposed upon a licensee, his license may, in the judgment of the commission, be suspended until such fine has been paid.

205.14 Registered address of licensee. All commission bulletins and notices to any licensee shall be addressed and sent to such licensee at the registered address of such licensee. The registered address of any licensee shall be his or its address as specified in his or its application for a license, and in the event any licensee moves, he must promptly file with the commission an appropriate change-of-address rider to such application. All licensees are bound by the notices and bulletins sent to their registered addresses, and the commission will not entertain any plea or request based upon the contention that such

notice or bulletin was not sent to any other known or more frequented address of the licensee.

205.15 Disqualification of women. No women may be licensed to compete in any boxing or wrestling exhibition with men.

205.16 Persons prohibited from holding financial interest in contestant. No official or employee of this commission or of any of its medical panels or advisory boards and no judge or referee, licensed by this commission, may directly or indirectly have any financial interest whatsoever in any boxer, wrestler, promoting corporation, or in any manager's contract with any licensed athlete or in any assignment thereof.

205.17 Managers' records. Managers shall keep accurate records of the receipts and expenses of the boxers under their management and control.

205.18 Financial reports. A manager of a boxer participating in a main event contest shall file with the commission, no later than five days after the contest, a report in triplicate listing the expenses and division of the proceeds of the contest. These reports are to be on forms supplied by the commission. A copy of this report shall forthwith be sent by the commission to the boxer.

(2) the boxer's prior fight history including the date, location, name of opponent and decision of such fights; and

(3) the boxer's medical history relating to any physicial condition, medical test or procedure which relates to his ability to fight, and a record of all medical suspensions.

(b) In addition, the boxer must present the designated commission official with each and every "passport" or other license to box issued to the boxer by a state, country or association.

PART 206
CONTRACTS

Section 206.1 How contract must be executed. Contracts between boxers and managers and between boxers or managers and licensed promoting corporations shall be executed on printed forms approved by the commission, and such forms shall be issued by the commission upon request to licensed boxers, managers and promoting corporations.

206.2 "Low-blow" clause mandatory. All contracts between a boxer and a licensed promoting corporation for the services of a boxer in a boxing contest, shall contain the following paragraph: "The party of the first part agrees to equip himself with a foul-proof guard of his own selection, type to be approved by the commission, which will obviate the necessity of any claim being made for a low blow during the contest. It is expressly understood that this contest is not to be terminated by a low blow, as the protector selected by the party of the first part, is, in his opinion, sufficient protection to withstand any so-called low blow which might incapacitate the said boxer."

206.3 Filing of contract between managers and boxers. A copy of all contracts entered into between managers and boxers must be placed on file with the commission for approval. A contract, however, becomes null and void if at any time during its term the manager or boxer loses his license through affirmative action by the commission by revocation for misconduct of the licensee or by refusal of the commission to issue or renew the license upon formal application and not otherwise. A boxer is permitted to have one manager on-

ly and no manager is allowed to participate in more than 33⅓ percent of the ring earnings of the boxer. No assignment of any part or parts of the boxer's or manager's interest in a contract, filed and approved by the commission, will be permitted without the approval and consent of the commission, and the consent to assign will not be granted unless a copy of the proposed assignment is submitted to the commission for its approval. No licensee is permitted to work with a boxer without the written consent of the manager of record.

206.4 Execution of minor's contract. Contracts to which a minor is a party, must be executed on behalf of such minor by the proper legal guardian of such minor.

206.5 Validity of contract between manager and boxer. A contract is not valid between manager and boxer unless both parties appear at the same time before the commission and receive its approval unless otherwise directed by the commission.

206.6 Execution of contract by boxer mandatory. All boxers must carry out all the terms and conditions of the contracts to which they are a party, and any boxer failing to fulfill the terms of any such contract will be subject to the disciplinary action of the commission. Any boxer who becomes ill or is injured prior to a contest must immediately report such illness or injury to the commission and report for any medical examinations directed by the commission. Any boxer who, without the specific authority of the commission, fails to timely appear for any examination or weigh-in scheduled by the commission or fails to timely appear at the place of contest pursuant to Rule 216.12 shall be subject to a fine and/or the suspension of his license for a period of up to one year.

206.7 Illness, injury or other default. Any boxer who becomes ill or is injured prior to a contest must immediately report such illness or injury to the commission and report for any medical examinations directed by the commission. In the event that either no such claim is made or if made, is rejected by the commission, the commission may fine and/or suspend or revoke the license of the defaulting boxer, awarding the amount of any forfeit posted under the terms of the contract to the opponent of the defaulting boxer and/or declare the defaulting boxer ineligible for any other bout until all the terms of the breached contract have been filled by such boxer. Any boxer who, without the specific authority of the commission, fails to timely appear for any examination or weigh-in scheduled by the commission or at the place of contest pursuant to section 216.12 of this Title shall be subject to a fine and/or the suspension of his license for a period of up to one year.

206.8 Bout contracted to occur after expiration of manager's contract with boxer. No manager shall be allowed to contract for the services of a boxer under his management for a bout to take place on a date after the expiration of the contract between the manager and his boxer, unless such bout has been approved in advance by the commission.

206.9 Use of boxer's true name in signing contract. The commission will not approve any contract for the services of a boxer unless such contract is signed by the boxer under his true and legal name, but if he is licensed to box in this State under any other name, he may sign the contract under his licensed name provided that his true name appears in the body of the contract as the name under which he is otherwise known.

206.10 Condition for approval of contracts for bouts. Contracts for a bout will not be approved by the commission unless both boxers have signed contracts with the same licensed promoting corporation.

206.11 Minimum payment to boxers in main bout. In all such contracts for bouts the minimum percentage of the receipts to be paid for boxers in the main bout shall not be less than 10 percent for each contestant, and all payments of any nature to be paid each main bout boxer must be specified.

206.12 Persons who may sign contract for bout. Except as provided in section 206.4 of this Part, contracts must be signed by the boxer's manager, on the boxer's behalf, or per-

sonally by the boxer when he has no licensed manager of record, unless otherwise directed by the commission.

206.13 Time for filing contract for bout with commission. All contracts between licensed promoting corporations and any boxer or manager of a boxer affecting or calling for the services of a boxer shall be filed with the commission by such corporation within 48 hours after the execution of such contract and at least 48 hours prior to any bouts to which they relate.

206.14 How payment for services must be made. All compensation to boxers shall be made by check payable jointly to the participating boxer and his licensed manager who shall sign receipts for such payment. No boxer shall be paid or receive any portion of his purse, except for training expenses, prior to the conduct of the bout, without approval of the commission. No boxer shall be paid or receive compensation in the form of an irrevocable letter of credit or other such form of payment which would preclude the commission from withholding that boxer's purse should it determine that he gave or participated in a sham or collusive boxing or sparring match or exhibition. All compensation to wrestlers shall be made by check payable to the participating wrestler who shall sign a receipt for such payment. No payment shall be made to any person or party other then as set forth unless the commission has in advance approved all the details of the transaction.

206.15 When bout or exhibition may be publicly announced. No licensed promoting corporation, matchmaker, manager, boxer, or wrestler, may publicly announce or advertise that any bout or exhibition will take place unless such bout or exhibition has been formally approved by the commission. Licensed promoting corporations must notify the commission of any proposed contest or exhibition, including in such notice the full details of such contest or exhibition, at least five days before the scheduled date of such contest or exhibition.

206.16 Negotiations for a bout with person other than manager of record. Whenever any promoter or matchmaker is negotiating for a bout with any person or party who is not the manager of record for the boxer involved, the matchmaker must sign a form supplied by the commission indicating the identity of the boxer and the representative, the compensation of the representative, and by whom such compensation is to be paid.

206.17 Boxing Guild of New York. The license of any person, who after the 15th day of January, 1956, shall become or remain a member of an organization or group known as Boxing Guild of New York, affiliated with the International Boxing Guild, shall be revoked or suspended upon the ground that such membership is an act and conduct detrimental to the interests of boxing generally and to the public interest, convenience and necessity.

206.18 Broadcast or telecast of bout. All contracts entered into by any licensee of the commission or any and all amendments, changes or modifications calling for or referring to any motion picture, telecast or radio broadcast of any bout, exhibition or match must be promptly filed with the commission for approval, and no person or party may announce or conduct any such broadcast to telecast of any bout, exhibition or match conducted under the jurisdiction of the commission without first obtaining the approval of the commission.

206.19 Licensing and training standards for managers. Prior to the issuance of a license of a boxing manager, an individual must pass a written and/or oral examination relating to the commission's rules and regulations. In addition, prior to the issuance of a license to a manager, the manager must exhibit a knowledge of the background, skills and experience of each boxer the manager seeks to place under contract. In addition, licensed managers of professional boxing must periodically, as mandated by the commission, attend seminars relating to the rules and regulations of the commission and skills as a manager of professional boxers.

PART 207

207.2 Conditions to be met before tickets are sold. The sale of tickets for any proposed contest or exhibition is prohibited until plans and statements showing the seating arrangements and the location of tickets of each price have been approved by the commission, and until the aisle spacing, the exit facilities and the location of fire appliances have been approved by the appropriate county or municipal authority.

207.3 Indication of location on ringside or press tickets. Tickets marked "Ringside" or marked "Working Press" must indicate their actual location, in accordance with the following examples:

207.4 Complimentary tickets. All complimentary tickets shall be so designated in the manner approved by the commission and shall be priced and printed to include not only taxes but such service charges and National Sports Alliance Fund contributions as the commission may from time to time direct or approve. The numbers of such complimentary tickets issued for each event must be approved by the commission. The issuance of cut-rate tickets must be approved in advance by the commission.

Such tickets shall be printed and made in such form as the commission may in each case direct. Licensed printers must mail to the commission, at least 24 hours before the exhibition or contest for which such tickets are to be used, a sworn manifest of all tickets delivered to the licensed corporation.

number of each class of tickets sold, unsold or unused, and permit the commission to examine all sold, unsold or unused tickets, stub coupons, the financial records of the event, and investigate all other matters relating to the receipts and conduct of the box office and ticket takers. The ticket tally must conform to the manifest issued by the licensed printer and an "Inspector's Financial Statement" for the particular contest or exhibition must be approved and signed by: (a) the deputy commissioner in attendance or by the acting commission official in charge; (b) by the commission inspectors making the count; and (c) by the authorized representative of the licensed corporation promoting the event. An "After Contest Report" shall be submitted by such corporation within 48 hours after the close of the contest on such form as may be from time to time required by the commission, and including the payments to the competitors and officials and the manner and form in which such payments were made.

207.8 Reserved seating chart. Licensed corporations must have available in their main box office a chart which plainly indicates the location of all reserved seats.

207.9 Selling tickets at discount or in excess of price printed thereon. Without the consent of the commission or of the representative in charge, licensed corporations are prohibited from selling any tickets for any price other than the price printed thereon, or to change the price of tickets at any time after tickets for the contest or exhibition have been placed on sale, or to sell any tickets at any time during the contest or exhibition for a price less than tickets for similar seats were sold or offered before the exhibition or contest. Licensed corporations must be vigilant to prevent speculation in tickets.

Tickets for reserved seats shall be printed with a stub to be retained by the purchaser and there shall be a new set of such tickets printed for every exhibition or contest. General admission tickets shall be printed with such stub and shall be consecutively numbered. No exchange of tickets shall be made anywhere except at the box office of the licensed corporation, and no tickets shall be sold after the main event has commenced. Tickets of different price must be printed in different distinctive colors unless otherwise sanctioned by the commission.

207.11 Unsold tickets. All parties and persons promoting boxing or wrestling shows must deliver all unsold tickets to the commission and a complete report on all tickets sold. This ticket is sold and purchased upon the express understanding that it is and shall be a personal license and not transferable. The issuer hereby reserves the right to cancel the privileges of this ticket and refund the money to the purchaser for any violation by the purchaser of the rules of this commission.

208.4 Duty of licensee to report offer to conduct sham or collusive contest. In any principal or main bout the licensed promoting corporations, without the advance approval of the commission, cannot pay the contestants in excess of 50 percent of the net proceeds of the boxing program after the State tax and compensation for the ring officials have been deducted. The minimum compensation to any boxer who competes in at least a four-round bout shall be $50, or in such other sum as the commission shall approve.

208.13 Approval of boxing match by commission. Before approving any boxing bout or match, the commission will inquire into the relative merits of the contestants, their past records, and whether or not they are suitable opponents, and the commission reserves the right to disapprove any match or bout on the ground that it is not in the best interest of boxing or of the health of either of the contestants.

In addition, licensed seconds of professional boxing must attend seminars relating to the rules and regulations of the commission and skills as a second of professional boxers.

PART 217
SCORING SYSTEM

Section 217.1 Points. All bouts shall be scored by three judges. Unless otherwise approved by the commission, the following scoring system shall be used by the judges in each boxing bout to determine which, if any, contestant has won a round. In each round, such officials must observe (a) clean hitting, (b) effective aggressiveness, (c) defense, and (d) ring generalship. At the conclusion of each round, each official must score each contestant's performance on these four items, and if the boxer is just slightly superior to his opponent in such round, one point must be scored for such boxer and the score of zero posted for his opponent. If a boxer is clearly superior to his opponent in any one round, two points should be scored for such boxer and the score of zero posted for his opponent. If a boxer is overwhelmingly the winner of a round and the round is therefore one-sided, three points should be scored for such boxer and the score of zero posted for his opponent. If in a one-sided round, a boxer also scores one or more knockdowns, four points should be posted for the boxer and the score of zero posted for his opponent.

217.2 Knockdowns. The officials may score a knockdown in any one round as either one or two points in favor of a boxer who scored such knockdown, and each official must determine for himself which value shall be placed on the knockdown.

217.3 The tally and decision. At the conclusion of the bout, each official must tally up the rounds and points he has awarded each contestant and submit his score card to the announcer. After such score cards have all been checked by the commission representative, they must be returned to the announcer, who shall announce the decision of the officials from the ring, and in main events the announcer shall call out the rounds and points awarded by each official. The boxer who has won the most number of rounds on the score card of the official is the winner on that official's score card, except when a boxer has not been credited with the greatest number of rounds, he may be declared the winner of the bout on an official's score card if, in the judgment of the official, such boxer has definitely proven his superiority over this opponent, has finished in better physical condition than his opponent, and has been awarded by each official a greater number of points than those awarded by such official to the opponent. If the official has not awarded the decision as thus set forth and if there is no winner by rounds, the decision must be awarded to the boxer with the greatest number of points. If no decision has been awarded and the rounds and points are both inclusive, the winning boxer is the one who, in the official's opinion, is in better physical condition at the end of the bout. The boxer who has been awarded the decision on two of the official's score cards is the winner of the fight.

217.4 [Repealed]

217.5 Score cards. Judges must mark their cards in ink or in indelible pencil, at the end of each round, with the symbols of W or L or E; a capital W in a boxer's column indicates the win of that round, a capital L, the loss of that round, and a capital E that the round was even.

217.6 Major fouls. The following are major fouls and upon the occurrence of any major foul in any round, the referee may disqualify the offending boxer and award the bout or any round thereof to the fouled boxer:

(a) hitting an opponent who is down or who is rising from down;
(b) using the knee against the opponent;
(c) purposely going down without being hit;
(d) failure to heed the referee's warnings concerning low blows or other minor fouls;
(e) any dangerous and unsportsmanlike conduct in the ring;
(f) butting, intentional or unintentional and/or low blows, intentional or unintentional.

217.7 Minor fouls. The following are minor fouls and it is within the discretion of the referee as to whether the offending boxer should merely be warned or should lose the round because of the commission of a minor foul:

(a) holding an opponent;
(b) deliberately maintaining a clinch;
(c) hitting with the inside or butt of the hand, the wrist or the elbow;
(d) backhand blows;
(e) low blows;
(f) hitting or "flicking" with the open gloves;
(g) wrestling or roughing at the ropes;
(h) deliberately striking at that part of the body over the kidneys;
(i) use of pivot blow or rabbit punch;
(j) hitting on the break.

217.8 Referee's notice to judges concerning foul. In the event that the referee has awarded the round to the fouled boxer, he must so notify the judges at the end of that round and in addition to the loss of the round because of such foul, the boxer who was fouled shall also be awarded one point in such round.

217.9 When referee must count boxer out. A referee must count a boxer out who falls to the floor claiming foul because of a low blow.

217.10 Report to commission because of fouls. If in any bout a boxer is penalized with the loss of three or more rounds because of fouls, the referee and each judge must report the matter in writing to the commission within 24 hours.

217.11 Technical knockout. A technical knockout is the ending of a bout by a referee for any reason other than a count-out or a disqualification. When a referee stops a contest to save any boxer from further punishment, he must award the other boxer the decision by technical knockout and must inform the announcer of the name of the boxer who was unable to continue, and direct the announcer to declare the other boxer the winner by technical knockout.

217.12 When boxer is down. A boxer is down if (a) any part of his body other than his feet is on the ring floor, or (b) he is hanging helplessly on the ring ropes, or (c) he is rising from a down position.

217.13 Counting. (a) When a contestant is "down" the timekeeper shall at once commence calling off the seconds, indicating the count with a motion of his arm. The referee must immediately order the other boxer to a neutral corner and shall thereafter pick up the count from the timekeeper and indicate it with a motion of his arm. If a contestant is unable to continue at the count of 10, the referee shall declare the other boxer the winner by a knockout. If a contestant who has been knocked or has fallen through the ropes and onto the ring platform fails to be on his feet in the ring before the expiration of 10 seconds, the referee shall count him out as if he were down. If a contestant who has been knocked or has fallen out of the ring and off the ring apron fails to be on his feet in the ring before the expiration of 20 seconds, the referee shall count him out as if he were down. A contestant who has fallen or has been knocked out of the ring must return to the ring unassisted.

(b) When a round in any boxing contest, except the last round shall terminate before a contestant who has been knocked down shall have risen from the floor of the ring, the timekeeper's count shall be continued and, if the fallen contestant shall fail to rise before the count of 10, he shall be considered to have lost the bout by a knockout in the round lately concluded.

(c) When a boxer is clearly knocked down, he shall be required to take a count of eight whether or not he has regained his feet before the count of eight has been reached. At the bell, if the fighter has arisen and the count is in progress, the count shall cease and the

fighter shall return to his corner. Should a boxer slip, or fall down, or be pushed, he shall be ordered to his feet immediately. Failure to rise may subject him to disqualification.

217.14 When contest terminates. If the contest is terminated between rounds, the knockout must be recorded as having taken place in the round just terminated. However, if the bell for the subsequent round has already sounded, the contest ends in the subsequent round.

PART 218
BOXING CLASSES AND CHAMPIONSHIPS

Section 218.1 When a boxer must defend title. With the exception of champions in the armed forces, a boxer holding a championship title must defend his title against a suitable contender with a period of six months after winning or after last defending it, or his title may be vacated by the commission. In the event that a champion fails to so defend his title, any boxer in the same class who is considered by the commission to be a suitable contender, may, at the lapse of said six months, forward to the commission a challenge. Such challenge must be accompanied by deposits of the following amounts for the following classes:

$1,000—flyweight, bantamweight and featherweight;
$1,500—lightweight;
$2,000—welterweight and middleweight;
$2,500—light heavyweight;
$5,000—heavyweight;

and each such deposit must be by certified check or by a bank cashier's check drawn to the order of the commission.

218.2 Procedure when commission receives challenge. Upon receipt of such challenge, the commission shall forward it to the champion and announce the challenge at the office of the commission. Thereafter such champion must, within 20 days after such announcement, enter into articles of agreement to defend his championship title against the contender. In the event the champion does not enter into such articles of agreement as specified above or capriciously refuses promptly to defend his title against such contender, his license shall be suspended by the commission until he either defends his title against the challenger or against some other contender considered suitable by the commission, or until his title is otherwise vacated, unless he is prevented by circumstances beyond his control, in which case the time may be extended.

218.3 Champion's selection between challengers. In the event that more than one suitable contender's challenge is received by the commission and forwarded to the champion, the champion may select to defend his title against any one of such challengers.

218.4 When championship is forfeited. In the event that the champion is permanently unable to physically qualify for the defense of his title, the commission shall forfeit his championship and declare the title vacant. In each defense of his title, the champion must be at the weight required by the class for which he holds the title.

218.5 Contracts for championship bouts. All contracts for championship bouts must be signed at a commission meeting. On the date of the signing of the contracts, the two contestants and the licensed corporation promoting the bout will each post forfeits with the commission in the following amounts per class:

$1,000—flyweight, bantamweight and featherweight;
$1,500—lightweight;
$2,000—welterweight and middleweight;
$2,500—light heavyweight;
$5,000—heavyweight.

Such forfeits are to insure that each of the contestants will appear at the championship contest and to make the proper weight, and that the promoting corporation will fulfill its obligations. In the event that a forfeit is declared, the deposit or deposits so forfeited will be distributed equally between the nondefaulting depositors.

218.6 Individual may hold only one championship title at a time. No individual may hold a world's championship title in two or more classes at the same time, but the holder of one such championship title may enter a contest for the world's championship title of another class. In the event that such individual wins such world's championship title in such other class, his original world championship is automatically vacated.

218.7 Weight limits for contestants in championship bouts. The weight limit for each contestant in a championship bout must be as listed below, and championships are recognized in the following classes only:

112	flyweight
118	bantamweight
126	featherweight
135	lightweight
147	welterweight
160	middleweight
175	light heavyweight
over 175	heavyweight

In the heavyweight class there is no maximum weight limit for any contestant.

218.8 Weight limits in nonchampionship bouts other than four-round contests. In nonchampionship bouts, other than four-round contests, the following limitations of weights between contestants may be permitted:

flyweights (112 pounds)	5 pounds
bantamweights (118 pounds)	7 pounds
featherweights (126 pounds)	8 pounds
lightweights (135 pounds)	10 pounds
welterweights (147 pounds)	12 pounds
middleweights (160 pounds)	13 pounds
light heavyweights (175 pounds)	14 pounds
heavyweights, all over 175 pounds	no limitation

218.9 Weight limits in four-round bouts. In all four-round bouts, except in the light heavyweight and heavyweight classes, the difference between the weights of the contestants shall not exceed five pounds.

218.10 [Repealed]

218.11 Boxers overweight in non-title bout. In non-title bouts, boxers overweight under the terms of the contract may be suspended after the match for such period as the commission may from time to time decide.

218.12 Weight of holder of championship in contest of title. Whenever a recognized holder of a championship engages in a championship contest in this State he must be at the weight required by the class for which he holds the championship except where a champion of one class competes as a contender for the championship in another class.

218.13 How championship can be lost. A championship can be lost by default, forfeit or inability to pass the scale, but a championship can only be won by a contender in a contest.

218.14 When contestants in championship bout must "pass the scale." All contestants in a championship bout must pass the scale at noon of the contest or at an additional weigh-in two hours thereafter.
